

FOR IMMEDIATE RELEASE

**CONGRATULATORY MESSAGE TO THE PRESIDENT-ELECT OF THE REPUBLIC OF GHANA,
JOHN DRAMANI MAHAMA**

Accra, Ghana - December 10, 2024: On behalf of the **Ghana Chamber of Telecommunications** and the **EMIs Chamber of Ghana**, we extend our heartfelt congratulations to His Excellency John Dramani Mahama on his election as President of the Republic of Ghana.

The re-election of His Excellency John Dramani Mahama signifies a pivotal moment for Ghana as the nation continues to strengthen its democratic institutions and advance its socio-economic development. As key stakeholders in Ghana's telecommunications and electronic payments industries, we commend his steadfast commitment to innovation, inclusivity, and technological advancement. His leadership is crucial in our mission to drive digital transformation in Ghana. We anticipate working with your government on your manifesto initiatives including those captured under ***Digital Economy, Communication and Innovation.***

We intensely appreciate your Excellency for honouring the invitation of our two Chambers to deliberate on our manifestos and explore ways to build our industries. Your commitment to our mission is deeply appreciated.

Let us also use this opportunity to commend the Vice President of Ghana, His Excellency Dr. Mahamudu Bawumia, for prioritizing the nation's interests by graciously accepting the election results and congratulating the President-elect, reinforcing Ghana's strong democratic values. Additionally, we extend our heartfelt appreciation to the people of Ghana for ensuring the elections were conducted peacefully and orderly.

To the President-elect, we are optimistic about the future of our collaboration with your administration to enhance further Ghana's position as a leader in digital inclusion, financial technology, and connectivity across Africa. Together, we will work to ensure that our collective efforts foster economic growth, create opportunities for Ghanaians, and build a sustainable digital ecosystem for future generations.

Long Live Ghana! Long Live Innovation and Progress!

Signed

Ing. Dr. Kenneth Ashigbey

CEO – Ghana Chamber of Telecommunications
CEO – EMIs Chamber of Ghana

About the Ghana Chamber of Telecommunications & EMIs Chamber of Ghana

The Ghana Chamber of Telecommunications is the foremost industry association representing the interests of telecommunication operators and infrastructure companies in Ghana. The Chamber is deeply dedicated to promoting and advancing the growth of the telecommunications industry, ensuring the delivery of high-quality services to consumers, and supporting the country's socio-economic development.

The EMIs Chamber of Ghana is the unified voice for Ghana's digital finance ecosystem. We proudly represent the leading digital finance entities AT Money, G-Money, Mobile Money Limited, Telecel Cash, and Zeepay Mobile Money. We are unwavering in our commitment to fostering innovation, enhancing regulatory collaboration, and supporting the growth and sustainability of the digital finance sector in Ghana. We aim to create a thriving and inclusive financial landscape that benefits all Ghanaians through advocacy and research.
